## **Plover man hurt after ethanol plant fire**

By JOURNAL STAFF

A 25-year-old Plover man suffered burns to his arms and face after a fire at Plover Ethanol Inc., 5641 Highway 54 E. in the town of Plover on Wednesday morning, according to a Portage County Sheriff's Department report.

Adam Bicknase, village of Plover, was transported to the Madison Burn Center by the Spirit of Marshfield helicopter, said Plover Fire Chief Joe Radomski.

The incident still is under investigation, Radomski said. Bicknase said he was welding some alcohol-making equipment when sparks ignited some alcohol, according to the report.
