

MEDIA RELEASE - FOR IMMEDIATE RELEASE

Issued by: Cambrians for Thoughtful Development - December 12th, 2002

CAMBRIA VILLAGE WIDE MEETING TO DISCUSS DIDION PROPOSAL

A village wide informational meeting will be held on Monday December 16th, 2002 in the Cambria-Friesland gymnasium at 7:00 P.M. This meeting will include an invited panel of experts, and there will be microphones available to the public. Cambrians for Thoughtful Development (CTD) urge all interested people in the Village of Cambria and the surrounding area to attend this meeting.

- CTD was formed in response to Didion Milling's announced plans to expand their present operations here in Cambria to include an ethanol production facility.
- CTD believe the siting of an ethanol production facility within the Village of Cambria has serious implications for the future quality of life we all enjoy here in Cambria.
- CTD believe that only through open, thorough, thoughtful, and informed discussion of these many implications, will the best interest of all the citizens of Cambria be served.
- CTD have compiled a list of resources and documents at their web site which will be helpful for those seeking more information and varying viewpoints on the many issues surrounding ethanol. The web address is :
