Suggested Rules for Village of Cambria Hearing scheduled for 6:30 PM
02/10/03

Village President will control meeting as described in meeting notice. He will state hearing purpose - to listen to comments from citizens that live and work in the area regarding Didion's site plan and zoning request. He will acknowledge each speaker one at a time to speak a maximum of 3 minutes. To ensure an orderly process the following rules and procedures are put in place.

1. Citizens are reminded that this is their time to speak to Village Board Members, not to the crowd.
2. This hearing is held to discuss the zoning permit and site proposed by Didion Milling. All comments should be focused on this topic.
3. Someone will be appointed by the Village President to monitor each speaker's time. Use of a timing device (like a 3 minute egg timer) will be used in order to keep comments to 3 minutes. One attorney for each party (Didion and CTD) will have a limited of 10 minutes.
4. If you choose to speak, state your name and address and then speak to the Village Board.
5. Questions and issues raised for the Board to consider will be written out on the chalk board and will be for the Board's use. This recording process will be used in effort to save time that would be lost to repeating items already addressed.
6. No cheering, clapping, booing, screaming or any other outburst of unorderly conduct will be allowed regarding the comments made to board members. Violators will be asked to be removed from the hearing room.
7. Village President will attempt to alternate comments between comments that are "for" and "against" for project.
8. The Village board will have a uniform police officer present during the hearing to help facilitate an orderly hearing.

Hi Chet, I got a comment back for our people that goes like this:

I think the uniformed police officer is strong. You should delete that. I am sure Chief Nelson will be there.

I would add to number 4: "A podium will be provided for the ease of speakers with a microphone attached so speakers do not have to hold it". (This will demonstrate your concern for the average citizen who may be uneasy simply standing in front of the council.)

Also, I am not sure about the "writing of questions"? This will distract from a speakers time because the person writing will never get it quite right and the speaker will have to re-state. This meeting is for comments. Anyone wishing the Board to have written copies of comments should bring a copy for each trustee, the mayor and the clerk. Everyone should get the opportunity to state their support even if it is redundant. I think that may be part of the "problem"... the silent majority figures we are down here speaking out...when in fact...they each need to stand-up c»nd be counted.

So maybe the office sends to strong of a message, sorry about that. Change Throwaway or Use however you see fit. Thanks, John
